

OPT OUT REQUEST FORM

As a business networking group, Tippers regularly publishes member contact information. There are three primary avenues of publication – the roster, the directory and the website.

1. Roster: The roster is a printed book that is distributed annually to members only. It includes both business and home contact information (address, phone, etc.). Each member reviews and approves his or her contact information prior to going to print.
2. Directory: The directory is published monthly. It is distributed to members via email. Printed copies are available at the weekly meetings and are handed out to anyone who requests it (members and non-members alike). Additionally, members hand them out to non-members when referring a member's services. Printed copies are also distributed at Good Morning Long Beach (the breakfast meetings of the Long Beach Area Chamber of Commerce) and any other business functions where Tippers might be exhibiting or otherwise participating. It includes business contact information which for home based businesses and retired members is also home information.
3. Website: The information in the directory is uploaded to the website (www.thetippersclub.com, et al). The website is accessible by the general public. Like the Directory, it includes business contact information which for home based businesses and retired members is also home information.

All Tippers are listed in the Roster, the Directory and the website. If you wish to exclude certain information from the Directory or the website, please complete and submit this form to the Secretary or any board member.

Please exclude the following information:

- My phone number from the Directory the website
- My fax number from the Directory the website
- My street address from the Directory the website
- My email address from the Directory the website

Would you like us to insert a link to your business website from the Tippers website?
